  - (2) if the day following the last-minute settlement is not a working day, an additional day's interest (calculated in the same manner) for each day until, but excluding, the next working day.

**Purchaser Default: Late Settlement**

- 3.12 If any portion of the purchase price is not paid upon the due date for payment, then, provided that the vendor provides reasonable evidence of the vendor's ability to perform any obligation the vendor is obliged to perform on that date in consideration for such payment:
- (1) the purchaser shall pay to the vendor interest at the interest rate for late settlement on the portion of the purchase price so unpaid for the period from the due date for payment until payment ("the default period"); but nevertheless, this stipulation is without prejudice to any of the vendor's rights or remedies including any right to claim for additional expenses and damages. For the purposes of this clause, a payment made on a day other than a working day or after the termination of a working day shall be deemed to be made on the next following working day and interest shall be computed accordingly; and
  - (2) the vendor is not obliged to give the purchaser possession of the property or to pay the purchaser any amount for remaining in possession, ~~unless this agreement relates to a tenanted property, in which case the vendor must elect either to:~~
    - ~~(a) account to the purchaser on settlement for incomings in respect of the property which are payable and received during the default period, in which event the purchaser shall be responsible for the outgoings relating to the property during the default period; or~~
    - ~~(b) retain such incomings in lieu of receiving interest from the purchaser pursuant to clause 3.12(1).~~
  - (3) if the parties are unable to agree upon any amount payable under this clause 3.12, either party may make a claim under clause 10.0.

**Vendor Default: Late Settlement or Failure to Give Possession**

- 3.13 (1) For the purposes of this clause 3.13:
- (a) the default period means:
    - (i) in clause 3.13(2), the period from the settlement date until the date when the vendor is able and willing to provide vacant possession and the purchaser takes possession; and

  - (iii) in clause 3.13(5), the period from the settlement date until the date when settlement occurs; and
  - (b) the vendor shall be deemed to be unwilling to give possession if the vendor does not offer to give possession.
- (2) If this agreement provides for vacant possession but the vendor is unable or unwilling to give vacant possession on the settlement date, then, provided that the purchaser provides reasonable evidence of the purchaser's ability to perform the purchaser's obligations under this agreement:
- (a) the vendor shall pay the purchaser, at the purchaser's election, either:
    - (i) compensation for any reasonable costs incurred for temporary accommodation for persons and storage of chattels during the default period; or
    - (ii) an amount equivalent to interest at the interest rate for late settlement on the entire purchase price during the default period; and
  - (b) the purchaser shall pay the vendor an amount equivalent to the interest earned or which would be earned on overnight deposits lodged in the purchaser's lawyer's trust bank account on such portion of the purchase price (including any deposit) as is payable under this agreement on or by the settlement date but remains unpaid during the default period less:
    - (i) any withholding tax; and
    - (ii) any bank or legal administration fees and commission charges; and
    - (iii) any interest payable by the purchaser to the purchaser's lender during the default period in respect of any mortgage or loan taken out by the purchaser in relation to the purchase of the property.
- (3) If this agreement provides for vacant possession and the vendor is able and willing to give vacant possession on the settlement date, then, provided the purchaser provides reasonable evidence of the purchaser's ability to perform the purchaser's obligations under this agreement, the purchaser may elect to take possession in which case the vendor shall not be liable to pay any interest or other moneys to the purchaser but the purchaser shall pay the vendor the same amount as that specified in clause 3.13(2)(b) during the default period. A purchaser in possession under this clause 3.13(3) is a licensee only.
- (4) Notwithstanding the provisions of clause 3.13(3), the purchaser may elect not to take possession when the purchaser is entitled to take it. If the purchaser elects not to take possession, the provisions of clause 3.13(2) shall apply as though the vendor were unable or unwilling to give vacant possession on the settlement date.
- (5) If this agreement provides for the property to be sold tenanted then, provided that the purchaser provides reasonable evidence of the purchaser's ability to perform the purchaser's obligations under this agreement, the vendor shall on settlement account to the purchaser for incomings which are payable and received in respect of the property during the default period less the outgoings paid by the vendor during that period. Apart from accounting for such incomings, the vendor shall not be liable to pay any other moneys to the purchaser but the purchaser shall pay the vendor the same amount as that specified in clause 3.13(2)(b) during the default period.
- (6) The provisions of this clause 3.13 shall be without prejudice to any of the purchaser's rights or remedies including any right to claim for any additional expenses and damages suffered by the purchaser.

#### 4.0 Residential Land Withholding Tax

- 4.1 If the vendor does not have a conveyancer or the vendor and the purchaser are associated persons, then:
- (1) the vendor must provide the purchaser or the purchaser's conveyancer, on or before the second working day before the due date for payment of the first residential land purchase amount payable under this agreement, with:
    - (a) sufficient information to enable the purchaser or the purchaser's conveyancer to determine to their reasonable satisfaction whether section 54C of the Tax Administration Act 1994 applies to the sale of the property; and
    - (b) if the purchaser or the purchaser's conveyancer determines to their reasonable satisfaction that section 54C of the Tax Administration Act 1994 does apply, all of the information required by that section and either an RLWT certificate of exemption in respect of the sale or otherwise such other information that the purchaser or the purchaser's conveyancer may reasonably require to enable the purchaser or the purchaser's conveyancer to determine to their reasonable satisfaction the amount of RLWT that must be withheld from each residential land purchase amount;
  - (2) the vendor shall be liable to pay any costs reasonably incurred by the purchaser or the purchaser's conveyancer in relation to RLWT, including the cost of obtaining professional advice in determining whether there is a requirement to withhold RLWT and the amount of RLWT that must be withheld, if any; and
  - (3) any payments payable by the purchaser on account of the purchase price shall be deemed to have been paid to the extent that:
    - (a) RLWT has been withheld from those payments by the purchaser or the purchaser's conveyancer as required by the RLWT rules; and
    - (b) any costs payable by the vendor under clause 4.1(2) have been deducted from those payments by the purchaser or the purchaser's conveyancer.
- 4.2 If the vendor does not have a conveyancer or the vendor and the purchaser are associated persons and if the vendor fails to provide the information required under clause 4.1(1), then the purchaser may:
- (1) defer the payment of the first residential land purchase amount payable under this agreement (and any residential land purchase amount that may subsequently fall due for payment) until such time as the vendor supplies that information; or
  - (2) on the due date for payment of that residential land purchase amount, or at any time thereafter if payment has been deferred by the purchaser pursuant to this clause and the vendor has still not provided that information, treat the sale of the property as if it is being made by an offshore RLWT person where there is a requirement to pay RLWT.
- 4.3 If pursuant to clause 4.2 the purchaser treats the sale of the property as if it is being made by an offshore RLWT person where there is a requirement to pay RLWT, the purchaser or the purchaser's conveyancer may:
- (1) make a reasonable assessment of the amount of RLWT that the purchaser or the purchaser's conveyancer would be required by the RLWT rules to withhold from any residential land purchase amount if the sale is treated in that manner; and
  - (2) withhold that amount from any residential land purchase amount and pay it to the Commissioner as RLWT.
- 4.4 Any amount withheld by the purchaser or the purchaser's conveyancer pursuant to clause 4.3 shall be treated as RLWT that the purchaser or the purchaser's conveyancer is required by the RLWT rules to withhold.
- 4.5 The purchaser or the purchaser's conveyancer shall give notice to the vendor a reasonable time before payment of any sum due to be paid on account of the purchase price of:
- (1) the costs payable by the vendor under clause 4.1(2) that the purchaser or the purchaser's conveyancer intends to deduct; and
  - (2) the amount of RLWT that the purchaser or the purchaser's conveyancer intends to withhold.

#### 5.0 Risk and insurance

- 5.1 The property and chattels shall remain at the risk of the vendor until possession is given and taken.
- 5.2 If, prior to the giving and taking of possession, the property is destroyed or damaged, and such destruction or damage has not been made good by the settlement date, then the following provisions shall apply:
- (1) if the destruction or damage has been sufficient to render the property untenable and it is untenable on the settlement date, the purchaser may:
    - (a) complete the purchase at the purchase price, less a sum equal to any insurance moneys received or receivable by or on behalf of the vendor in respect of such destruction or damage, provided that no reduction shall be made to the purchase price if the vendor's insurance company has agreed to reinstate for the benefit of the purchaser to the extent of the vendor's insurance cover; or
    - (b) cancel this agreement by serving notice on the vendor in which case the vendor shall return to the purchaser immediately the deposit and any other moneys paid by the purchaser, and neither party shall have any right or claim against the other arising from this agreement or its cancellation;
  - (2) if the property is not untenable on the settlement date, the purchaser shall complete the purchase at the purchase price less a sum equal to the amount of the diminution in value of the property which, to the extent that the destruction or damage to the property can be made good, shall be deemed to be equivalent to the reasonable cost of reinstatement or repair;
  - (3) if the property is zoned for rural purposes under an operative District Plan, damage to the property shall be deemed to have rendered the property untenable where the diminution in value exceeds an amount equal to 20% of the purchase price; and
  - (4) if the amount of the diminution in value is disputed, the parties shall follow the same procedure as that set out in clause 10.8 for when an amount of compensation is disputed.
- 5.3 The purchaser shall not be required to take over any insurance policies held by the vendor.

## 6.0 Title, boundaries and requisitions

- 6.1 The vendor shall not be bound to point out the boundaries of the property except that on the sale of a vacant residential lot which is not limited as to parcels the vendor shall ensure that all boundary markers required by the Cadastral Survey Act 2002 and any related rules and regulations to identify the boundaries of the property are present in their correct positions at the settlement date.
- 6.2 (1) The purchaser is deemed to have accepted the vendor's title ~~except as to objections or requisitions which the purchaser is entitled to make and notice of which the purchaser serves on the vendor on or before the earlier of:~~  
~~(a) the tenth working day after the date of this agreement; or~~  
~~(b) the settlement date:~~
- (2) ~~Where the transfer of the property is to be registered against a new title yet to be issued, the purchaser is deemed to have accepted the title except as to such objections or requisitions which the purchaser is entitled to make and notice of which the purchaser serves on the vendor on or before the fifth working day following the date the vendor has given the purchaser notice that the title has been issued and a search copy of it as defined in section 60 of the Land Transfer Act 2017 is obtainable.~~
- (3) ~~If the vendor is unable or unwilling to remove or comply with any objection or requisition as to title, notice of which has been served on the vendor by the purchaser, then the following provisions will apply:~~  
~~(a) the vendor shall notify the purchaser ("a vendor's notice") of such inability or unwillingness on or before the fifth working day after the date of service of the purchaser's notice;~~  
~~(b) if the vendor does not give a vendor's notice the vendor shall be deemed to have accepted the objection or requisition and it shall be a requirement of settlement that such objection or requisition shall be complied with before settlement;~~  
~~(c) if the purchaser does not on or before the fifth working day after service of a vendor's notice notify the vendor that the purchaser waives the objection or requisition, either the vendor or the purchaser may (notwithstanding any intermediate negotiations) by notice to the other, cancel this agreement.~~
- 6.3 ~~In the event of cancellation under clause 6.2(3), the purchaser shall be entitled to the immediate return of the deposit and any other moneys paid under this agreement by the purchaser and neither party shall have any right or claim against the other arising from this agreement or its cancellation. In particular, the purchaser shall not be entitled to any interest or to the expense of investigating the title or to any compensation whatsoever.~~
- 6.4 (1) ~~If the title to the property being sold is a cross-lease title or a unit title and there are:~~  
~~(a) in the case of a cross-lease title:~~  
~~(i) alterations to the external dimensions of any leased structure, or~~  
~~(ii) buildings or structures not intended for common use which are situated on any part of the land that is not subject to a restricted use covenant,~~  
~~(b) in the case of a unit title, encroachments out of the principal unit or accessory unit title space (as the case may be):~~  
~~then the purchaser may requisition the title under clause 6.2 requiring the vendor:~~  
~~(c) in the case of a cross-lease title, to deposit a new plan depicting the buildings or structures and register a new cross-lease or cross-leases (as the case may be) and any other ancillary dealings in order to convey good title, or~~  
~~(d) in the case of a unit title, to deposit an amendment to the unit plan, a redevelopment plan or new unit plan (as the case may be) depicting the principal and/or accessory units and register such transfers and any other ancillary dealings in order to convey good title.~~
- (2) ~~The words "alterations to the external dimensions of any leased structure" shall only mean alterations which are attached to the leased structure and enclosed.~~
- 6.5 The vendor shall not be liable to pay for or contribute towards the expense of erection or maintenance of any fence between the property and any contiguous land of the vendor but this proviso shall not enure for the benefit of any subsequent purchaser of the contiguous land; and the vendor shall be entitled to require the inclusion of a fencing covenant to this effect in any transfer of the property.

## 7.0 Vendor's warranties and undertakings

- 7.1 The vendor warrants and undertakes that at the date of this agreement the vendor has not:
- (1) received any notice or demand and has no knowledge of any requisition or outstanding requirement:  
~~(a) from any local or government authority or other statutory body; or~~  
~~(b) under the Resource Management Act 1991; or~~  
~~(c) from any tenant of the property; or~~  
~~(d) from any other party; or~~
- (2) given any consent or waiver,  
which directly or indirectly affects the property and which has not been disclosed in writing to the purchaser.
- 7.2 The vendor warrants and undertakes that at the date of this agreement the vendor has no knowledge or notice of any fact which might result in proceedings being instituted by or against the vendor or the purchaser in respect of the property.
- 7.3 The vendor warrants and undertakes that at settlement:
- (1) The chattels included in the sale listed in Schedule 2 and all plant, equipment, systems or devices which provide any services or amenities to the property, including, without limitation, security, heating, cooling, or air-conditioning, are delivered to the purchaser in reasonable working order, but in all other respects in their state of repair as at the date of this agreement (fair wear and tear excepted).
- (2) All electrical and other installations on the property are free of any charge whatsoever and all chattels included in the sale are the unencumbered property of the vendor.
- (3) There are no arrears of rates, water rates or charges outstanding on the property and where the property is subject to a targeted rate that has been imposed as a means of repayment of any loan, subsidy or other financial assistance made available by or through the local authority, the amount required to remove the imposition of that targeted rate has been paid.

- (4) Where an allowance has been made by the vendor in the settlement statement for incomings receivable, the settlement statement correctly records those allowances including, in particular, the dates up to which the allowances have been made.
  - (5) Where the vendor has done or caused or permitted to be done on the property any works:
    - (a) any permit, resource consent, or building consent required by law was obtained; and
    - (b) to the vendor's knowledge, the works were completed in compliance with those permits or consents; and
    - (c) where appropriate, a code compliance certificate was issued for those works.
  - (6) Where under the Building Act, any building on the property sold requires a compliance schedule:
    - (a) the vendor has fully complied with any requirements specified in any compliance schedule issued by a territorial authority under the Building Act in respect of the building;
    - (b) the building has a current building warrant of fitness; and
    - (c) the vendor is not aware of any reason, that the vendor has not disclosed in writing to the purchaser, which would prevent a building warrant of fitness from being supplied to the territorial authority when the building warrant of fitness is next due.
  - (7) Since the date of this agreement, the vendor has not given any consent or waiver which directly or indirectly affects the property.
  - (8) Any notice or demand received by the vendor, which directly or indirectly affects the property, after the date of this agreement:
    - (a) from any local or government authority or other statutory body; or
    - (b) under the Resource Management Act 1991; or
    - (c) from any tenant of the property; or
    - (d) from any other party,
 has been delivered forthwith by the vendor to either the purchaser or the purchaser's lawyer, unless the vendor has paid or complied with such notice or demand. If the vendor fails to so deliver or pay the notice or demand, the vendor shall be liable for any penalty incurred.
- 7.4 If the property is or includes part only of a building, the warranty and undertaking in clause 7.3(6) does not apply. Instead the vendor warrants and undertakes at the date of this agreement that, where under the Building Act the building of which the property forms part requires a compliance schedule:
- (1) to the vendor's knowledge, there has been full compliance with any requirements specified in any compliance schedule issued by a territorial authority under the Building Act in respect of the building;
  - (2) the building has a current building warrant of fitness; and
  - (3) the vendor is not aware of any reason, that the vendor has not disclosed in writing to the purchaser, which would prevent a building warrant of fitness from being supplied to the territorial authority when the building warrant of fitness is next due.
- 7.5 The vendor warrants and undertakes that on or immediately after settlement:
- (1) If the water and wastewater charges are determined by meter, the vendor will have the water meter read and will pay the amount of the charge payable pursuant to that reading; but if the water supplier will not make special readings, the water and wastewater charges shall be apportioned.
  - (2) Any outgoings included in the settlement statement are paid in accordance with the settlement statement and, where applicable, to the dates shown in the settlement statement, or will be so paid immediately after settlement.
  - (3) The vendor will give notice of sale in accordance with the Local Government (Rating) Act 2002 to the territorial authority and regional council in whose district the land is situated and will also give notice of the sale to every other authority that makes and levies rates or charges on the land and to the supplier of water.
  - (4) Where the property is a unit title, the vendor will notify the body corporate in writing of the transfer of the property and the name and address of the purchaser.

## ~~8.0 Unit title and cross-lease provisions~~

### ~~Unit Titles~~

- ~~8.1 If the property is a unit title, sections 144 to 153 of the Unit Titles Act require the vendor to provide to the purchaser a pre-contract disclosure statement and a pre-settlement disclosure statement in accordance with the Unit Titles Act.     - ~~(b) any proceedings being instituted by or against the body corporate, or~~
    - ~~(c) any order or declaration being sought against the body corporate or the vendor under any provision of the Unit Titles Act.~~~~

- ~~(3) The warranties at clause 8.2(2), (3), (4), (5), (6), (7), and (8) are repeated.~~

~~8.5 If the property is a unit title and if the vendor does not provide the certificates of insurance and the pre-settlement disclosure statement under section 147 of the Unit Titles Act in accordance with the requirements of clause 8.3, then in addition to the purchaser's rights under sections 150, 151 and 151A of the Unit Titles Act, the purchaser may:~~

- ~~(1) postpone the settlement date until the fifth working day following the date on which that information is provided to the purchaser, or~~

## 9.0 Conditions and mortgage terms

9.1 Finance condition

- (1) If the purchaser has indicated that finance is required on the front page of this agreement, this agreement is conditional upon the purchaser arranging finance for such amount as the purchaser may require from a bank or other lending institution of the purchaser's choice on terms and conditions satisfactory to the purchaser in all respects on or before the finance date.
- (2) If the purchaser avoids this agreement for failing to arrange finance in terms of clause 9.1(1), the purchaser must provide a satisfactory explanation of the grounds relied upon by the purchaser, together with supporting evidence, immediately upon request by the vendor.

9.2 Mortgage terms

- (1) Any mortgage to be arranged pursuant to a finance condition shall be upon and subject to the terms and conditions currently being required by the lender in respect of loans of a similar nature.

9.3 LIM condition

- (1) If the purchaser has indicated on the front page of this agreement that a LIM is required:
  - (a) that LIM is to be obtained by the purchaser at the purchaser's cost; and
  - (b) this agreement is conditional upon the purchaser approving that LIM by the LIM date, provided that such approval must not be unreasonably or arbitrarily withheld.
- (2) If, on reasonable grounds, the purchaser does not approve the LIM, the purchaser shall give notice to the vendor ("the purchaser's notice") on or before the LIM date stating the particular matters in respect of which approval is withheld and, if those matters are capable of remedy, what the purchaser reasonably requires to be done to remedy those matters. If the purchaser does not give a purchaser's notice the purchaser shall be deemed to have approved the LIM. If through no fault of the purchaser, the LIM is not available on or before the LIM date and the vendor does not give an extension when requested, then unless the purchaser waives this condition, this condition shall not have been fulfilled and the provisions of clause 9.10(5) shall apply.

- (3) The vendor shall give notice to the purchaser (“the vendor’s notice”) on or before the third working day after receipt of the purchaser’s notice advising whether or not the vendor is able and willing to comply with the purchaser’s notice by the settlement date.
- (4) If the vendor does not give a vendor’s notice, or if the vendor’s notice advises that the vendor is unable or unwilling to comply with the purchaser’s notice, and if the purchaser does not, on or before the fifth working day after the date on which the purchaser’s notice is given, give notice to the vendor that the purchaser waives the objection to the LIM, this condition shall not have been fulfilled and the provisions of clause 9.10(5) shall apply.
- (5) If the vendor gives a vendor’s notice advising that the vendor is able and willing to comply with the purchaser’s notice, this condition is deemed to have been fulfilled, and it shall be a requirement of settlement that the purchaser’s notice shall be complied with, and also, if the vendor must carry out work on the property, that the vendor shall obtain the approval of the territorial authority to the work done, both before settlement.

#### 9.4 Building report condition

- (1) If the purchaser has indicated on the front page of this agreement that a building report is required, this agreement is conditional upon the purchaser obtaining at the purchaser’s cost on or before the building report date a report on the condition of the buildings and any other improvements on the property that is satisfactory to the purchaser, on the basis of an objective assessment.
- (2) The report must be prepared in good faith by a suitably-qualified building inspector in accordance with accepted principles and methods and it must be in writing.
- (3) Subject to the rights of any tenants of the property, the vendor shall allow the building inspector to inspect the property at all reasonable times upon reasonable notice for the purposes of preparation of the report.
- (4) The building inspector may not carry out any invasive testing in the course of inspection without the vendor’s prior written consent.
- (5) If the purchaser avoids this agreement for non-fulfilment of this condition pursuant to clause 9.10(5), the purchaser must provide the vendor immediately upon request with a copy of the building inspector’s report.

#### 9.5 Toxicology report condition

- (1) If the purchaser has indicated on the front page of this agreement that a toxicology report is required, this agreement is conditional upon the purchaser obtaining at the purchaser’s cost on or before the toxicology report date, a toxicology report on the property that is satisfactory to the purchaser, on the basis of an objective assessment.
- (2) The purpose of the toxicology report shall be to detect whether the property has been contaminated by the preparation, manufacture or use of drugs including, but not limited to, methamphetamine.

- (4) Subject to the rights of any tenants of the property, the vendor shall allow the inspector to inspect the property at all reasonable times upon reasonable notice for the purposes of carrying out the testing and preparation of the report.
- (5) The inspector may not carry out any invasive testing in the course of the inspection without the vendor’s prior written consent.
- (6) If the purchaser avoids this agreement for non-fulfilment of this condition pursuant to clause 9.10(5), the purchaser must provide the vendor immediately upon request with a copy of the inspector’s report.

#### 9.6 OIA consent condition

- (1) If the purchaser has indicated on the front page of this agreement that OIA consent is required, this agreement is conditional upon OIA consent being obtained on or before the OIA date on terms and conditions that are satisfactory to the purchaser, acting reasonably, the purchaser being responsible for payment of the application fee. This condition is inserted for the benefit of both parties, but (subject to clause 9.6(2)) may not be waived by either party, and the vendor is not required to do anything to enable this condition to be fulfilled.
- (2) If the purchaser has indicated on the front page of this agreement that OIA consent is not required, or has failed to indicate whether it is required, then the purchaser warrants that the purchaser does not require OIA consent.

9.7 If this agreement relates to a transaction to which the Land Act 1948 applies, this agreement is conditional upon the vendor obtaining the necessary consent by the Land Act date.

9.8 If the Land Act date or OIA date is not shown on the front page of this agreement that date shall be the settlement date or that date 65 working days after the date of this agreement whichever is the sooner, except where the property comprises residential (but not otherwise sensitive) land in which case that date shall be the settlement date or that date 20 working days after the date of this agreement, whichever is the sooner.

#### 9.9 Resource Management Act condition

If this agreement relates to a transaction to which section 225 of the Resource Management Act 1991 applies then this agreement is subject to the appropriate condition(s) imposed by that section.

- (1) The condition shall be a condition subsequent.
- (2) The party or parties for whose benefit the condition has been included shall do all things which may reasonably be necessary to enable the condition to be fulfilled by the date for fulfilment.
- (3) Time for fulfilment of any condition and any extended time for fulfilment to a fixed date shall be of the essence.
- (4) The condition shall be deemed to be not fulfilled until notice of fulfilment has been served by one party on the other party.
- (5) If the condition is not fulfilled by the date for fulfilment, either party may at any time before the condition is fulfilled or waived avoid this agreement by giving notice to the other. Upon avoidance of this agreement, the purchaser shall be entitled to the immediate return of the deposit and any other moneys paid by the purchaser under this agreement and neither party shall have any right or claim against the other arising from this agreement or its termination.

- (6) At any time before this agreement is avoided, the purchaser may waive any finance condition and either party may waive any other condition which is for the sole benefit of that party. Any waiver shall be by notice.

## 10.0 Claims for compensation

- 10.1 If the purchaser has not purported to cancel this agreement, the breach by the vendor of any term of this agreement does not defer the purchaser's obligation to settle, but that obligation is subject to the provisions of this clause 10.0.
- 10.2 The provisions of this clause apply if:
- (1) the purchaser claims a right to compensation (and in making such a claim, the purchaser must act reasonably, but the vendor taking the view that the purchaser has not acted reasonably does not affect the purchaser's ability or right to make such a claim) for:
    - (a) a breach of any term of this agreement;
    - (b) a misrepresentation;
    - (c) a breach of section 9 or section 14 of the Fair Trading Act 1986;
    - (d) an equitable set-off, or
  - (2) there is a dispute between the parties regarding any amounts payable:
    - (a) under clause 3.12 or clause 3.13; or
    - (b) under clause 5.2.
- 10.3 To make a claim under this clause 10.0:
- (1) the claimant must serve notice of the claim on the other party on or before the last working day prior to the settlement date, time being of the essence (except for claims made after the settlement date for amounts payable under clause 3.12 or clause 3.13, in respect of which the claimant may serve notice of the claim on the other party at any time after a dispute arises over those amounts); and
  - (2) the notice must:
    - (a) state the particular breach of the terms of this agreement, or the claim under clause 3.12, clause 3.13 or clause 5.2, or for misrepresentation, or for breach of section 9 or section 14 of the Fair Trading Act 1986, or for an equitable set-off; and
    - (b) state a genuine pre-estimate of the loss suffered by the claimant; and
    - (c) be particularised and quantified to the extent reasonably possible as at the date of the notice; and
  - (3) the claimant must not have made a prior claim under this clause 10.0 (to the intent that a claimant may make a claim under this clause 10.0 on only one occasion, though such claim may address one or more of the elements in clause 10.2).
- 10.4 If the claimant is unable to give notice under clause 10.3 in respect of claims under clause 10.2(1) or clause 10.2(2)(b) on or before the date that notice is due under clause 10.3(1) by reason of the conduct or omission of the other party, the notice may be served on or before the working day immediately preceding the last working day on which settlement must take place under a settlement notice served by either party under clause 11.1, time being of the essence.
- 10.5 If the amount of compensation is agreed, it shall be deducted from or added to the amount to be paid by the purchaser on settlement.
- 10.6 If the purchaser makes a claim for compensation under clause 10.2(1) but the vendor disputes that the purchaser has a valid or reasonably arguable claim, then:
- (1) the vendor must give notice to the purchaser within three working days after service of the purchaser's notice under clause 10.3, time being of the essence; and
  - (2) the purchaser's right to make the claim (on the basis that such claim is valid or reasonably arguable) shall be determined by an experienced property lawyer or an experienced litigator appointed by the parties. If the parties cannot agree on the appointee, the appointment shall be made on the application of either party by the president for the time being of the Auckland District Law Society. The appointee's costs shall be met by the party against whom the determination is made or otherwise as determined by the appointee.
- 10.7 If the purchaser makes a claim for compensation under clause 10.2(1) and the vendor fails to give notice to the purchaser pursuant to clause 10.6, the vendor is deemed to have accepted that the purchaser has a valid or reasonably arguable claim.
- 10.8 If it is accepted, or determined under clause 10.6, that the purchaser has a right to claim compensation under clause 10.2(1) but the amount of compensation claimed is disputed, or if the claim is made under clause 10.2(2) and the amount of compensation claimed is disputed, then:
- (1) an interim amount shall be paid on settlement by the party required to a stakeholder until the amount of the claim is determined;
  - (2) if the parties cannot agree on a stakeholder, the interim amount shall be paid to a stakeholder nominated on the application of either party by the president for the time being of the Auckland District Law Society;
  - (3) the interim amount must be a reasonable sum having regard to the circumstances, except that:
    - (a) where the claim is under clause 3.13 the interim amount shall be the lower of the amount claimed, or an amount equivalent to interest at the interest rate for late settlement for the relevant default period on such portion of the purchase price (including any deposit) as is payable under this agreement on or by the settlement date;
    - (b) neither party shall be entitled or required to undertake any discovery process, except to the extent this is deemed necessary by the appointee under clause 10.8(4) for the purposes of determining that the requirements of clauses 10.3(2)(b)-(c) have been met.
  - (4) if the parties cannot agree on the interim amount, the interim amount shall be determined by an experienced property lawyer, an experienced litigator, or, where the claim for compensation is made under clause 5.2, an experienced registered valuer or quantity surveyor appointed by the parties. The appointee's costs shall be met equally by the parties, or otherwise as determined by the appointee. If the parties cannot agree on the appointee, the appointment shall be made on the application of either party by the president for the time being of the Auckland District Law Society;
  - (5) the amount of the claim determined to be payable shall not be limited by the interim amount;

- (6) the stakeholder shall lodge the interim amount on an interest-bearing call deposit with a bank registered under the Reserve Bank of New Zealand Act 1989 in the joint names of the vendor and the purchaser;
  - (7) the interest earned on the interim amount net of any withholding tax and any bank or legal administration fees and commission charges shall follow the destination of the interim amount; and
  - (8) apart from the net interest earned on the interim amount, no interest shall be payable by either party to the other in respect of the claim for compensation once the amount of the claim has been determined, provided that if the amount determined is in excess of the interim amount, the party liable to make payment of that excess shall pay interest to the other party at the interest rate for late settlement on the amount of that excess if it is not paid on or before the third working day after the date of notification of the determination, computed from the date of such notification until payment.
- 10.9 Where a determination has to be made under clause 10.6(2) or clause 10.8(4) and the settlement date will have passed before the determination is made, the settlement date shall be deferred to the second working day following the date of notification to both parties of the determination. Where a determination has to be made under both of these clauses, the settlement date shall be deferred to the second working day following the date on which notification to both parties has been made of both determinations. However, the settlement date will only be deferred under this clause 10.9 if, prior to such deferral, the purchaser's lawyer provides written confirmation to the vendor's lawyer that but for the resolution of the claim for compensation, the purchaser is ready, willing, and able to complete settlement.
- 10.10 The procedures prescribed in clauses 10.1 to 10.9 shall not prevent either party from taking proceedings for specific performance of this agreement.
- 10.11 A determination under clause 10.6 that the purchaser does not have a valid or reasonably arguable claim for compensation under clause 10.2(1) shall not prevent the purchaser from pursuing that claim following settlement.
- 10.12 Where a determination is made by an appointee under either clause 10.6 or clause 10.8, that appointee:
- (1) shall not be liable to either party for any costs or losses that either party may claim to have suffered in respect of the determination; and
  - (2) may make an order that one party must meet all or some the reasonable legal costs of the other party, and in making such an order the appointee may without limitation take into account the appointee's view of the reasonableness of the conduct of the parties under this clause.

#### 11.0 Notice to complete and remedies on default

- 11.1 (1) If the sale is not settled on the settlement date, either party may at any time thereafter serve on the other party a settlement notice.
- (2) The settlement notice shall be effective only if the party serving it is at the time of service in all material respects ready, willing, and able to proceed to settle in accordance with this agreement, or is not so ready, willing, and able to settle only by reason of the default or omission of the other party.
- (3) If the purchaser is in possession, the vendor's right to cancel this agreement will be subject to sections 28 to 36 of the Property Law Act 2007 and the settlement notice may incorporate or be given with a notice under section 28 of that Act complying with section 29 of that Act.
- 11.2 Subject to clause 11.1(3), upon service of the settlement notice the party on whom the notice is served shall settle:
- (1) on or before the twelfth working day after the date of service of the notice; or
  - (2) on the first working day after the 13th day of January if the period of twelve working days expires during the period commencing on the 6th day of January and ending on the 13th day of January, both days inclusive, time being of the essence, but without prejudice to any intermediate right of cancellation by either party.
- 11.3 (1) If this agreement provides for the payment of the purchase price by instalments and the purchaser fails duly and punctually to pay any instalment on or within one month from the date on which it fell due for payment then, whether or not the purchaser is in possession, the vendor may immediately give notice to the purchaser calling up the unpaid balance of the purchase price, which shall upon service of the notice fall immediately due and payable.
- (2) The date of service of the notice under this clause shall be deemed the settlement date for the purposes of clause 11.1.
- (3) The vendor may give a settlement notice with a notice under this clause.
- (4) For the purposes of this clause a deposit is not an instalment.
- 11.4 If the purchaser does not comply with the terms of the settlement notice served by the vendor then, subject to clause 11.1(3):
- (1) Without prejudice to any other rights or remedies available to the vendor at law or in equity, the vendor may:
    - (a) sue the purchaser for specific performance; or
    - (b) cancel this agreement by notice and pursue either or both of the following remedies, namely:
      - (i) forfeit and retain for the vendor's own benefit the deposit paid by the purchaser, but not exceeding in all 10% of the purchase price; and/or
      - (ii) sue the purchaser for damages.
  - (2) Where the vendor is entitled to cancel this agreement, the entry by the vendor into a conditional or unconditional agreement for the resale of the property or any part thereof shall take effect as a cancellation of this agreement by the vendor if this agreement has not previously been cancelled and such resale shall be deemed to have occurred after cancellation.
  - (3) The damages claimable by the vendor under clause 11.4(1)(b)(ii) shall include all damages claimable at common law or in equity and shall also include (but shall not be limited to) any loss incurred by the vendor on any bona fide resale contracted within one year from the date by which the purchaser should have settled in compliance with the settlement notice. The amount of that loss may include:
    - (a) interest on the unpaid portion of the purchase price at the interest rate for late settlement from the settlement date to the settlement of such resale;
    - (b) all costs and expenses reasonably incurred in any resale or attempted resale; and
    - (c) all outgoings (other than interest) on or maintenance expenses in respect of the property from the settlement date to the settlement of such resale.
  - (4) Any surplus money arising from a resale shall be retained by the vendor.

- 11.5 If the vendor does not comply with the terms of a settlement notice served by the purchaser, then, without prejudice to any other rights or remedies available to the purchaser at law or in equity the purchaser may:
- (1) sue the vendor for specific performance; or
  - (2) cancel this agreement by notice and require the vendor forthwith to repay to the purchaser any deposit and any other money paid on account of the purchase price and interest on such sum(s) at the interest rate for late settlement from the date or dates of payment by the purchaser until repayment.
- 11.6 The party serving a settlement notice may extend the term of the notice for one or more specifically stated periods of time and thereupon the term of the settlement notice shall be deemed to expire on the last day of the extended period or periods and it shall operate as though this clause stipulated the extended period(s) of notice in lieu of the period otherwise applicable; and time shall be of the essence accordingly. An extension may be given either before or after the expiry of the period of the notice.
- 11.7 Nothing in this clause shall preclude a party from suing for specific performance without serving a settlement notice.
- 11.8 A party who serves a settlement notice under this clause shall not be in breach of an essential term by reason only of that party's failure to be ready, willing, and able to settle upon the expiry of that notice.

## 12.0 Non-merger

- 12.1 The obligations and warranties of the parties in this agreement shall not merge with:
- (1) the giving and taking of possession;
  - (2) settlement;
  - (3) the transfer of title to the property;
  - (4) delivery of the chattels (if any); or
  - (5) registration of the transfer of title to the property.

## 13.0 Goods and Services Tax and Purchase Price Allocation

- 13.1 If this agreement provides for the purchaser to pay (in addition to the purchase price stated without GST) any GST which is payable in respect of the supply made under this agreement, then:
- (1) the purchaser shall pay to the vendor the GST which is so payable in one sum on the GST date;
  - ~~(2) where the GST date has not been inserted on the front page of this agreement the GST date shall be the settlement date;~~
  - (3) where any GST is not so paid to the vendor, the purchaser shall pay to the vendor:
    - (a) interest at the interest rate for late settlement on the amount of GST unpaid from the GST date until payment; and
    - (b) any default GST;
  - (4) it shall not be a defence to a claim against the purchaser for payment to the vendor of any default GST that the vendor has failed to mitigate the vendor's damages by paying an amount of GST when it fell due under the GST Act; and
  - (5) any sum referred to in this clause is included in the moneys payable by the purchaser on settlement pursuant to clause 3.8(1).
- 13.2 If the supply under this agreement is a taxable supply, the vendor will deliver a tax invoice to the purchaser on or before the GST date or such earlier date as the purchaser is entitled to delivery of an invoice under the GST Act.
- 13.3
- (1) Without prejudice to the vendor's rights and remedies under clause 13.1, where any GST is not paid to the vendor on or within one month of the GST date, then whether or not the purchaser is in possession, the vendor may immediately give notice to the purchaser calling up any unpaid balance of the purchase price, which shall upon service of the notice fall immediately due and payable.
  - (2) The date of service of the notice under this clause shall be deemed the settlement date for the purposes of clause 11.1.
  - (3) The vendor may give a settlement notice under clause 11.1 with a notice under this clause.
- 13.4 Each party warrants that their response to the statement on the front page regarding purchase price allocation being relevant to the vendor or purchaser/purchaser's nominee for income tax and/or GST purposes is correct.

## 14.0 Zero-rating

- 14.1 The vendor warrants that the statement on the front page regarding the vendor's GST registration status in respect of the supply under this agreement and any particulars stated by the vendor in Schedule 1 are correct at the date of this agreement and will remain correct at settlement.
- 14.2 The purchaser warrants that any particulars stated by the purchaser in Schedule 1 are correct at the date of this agreement.
- 14.3 Where the particulars stated on the front page and in Schedule 1 indicate that:
- (1) the vendor is and/or will be at settlement a registered person in respect of the supply under this agreement;
  - (2) the recipient is and/or will be at settlement a registered person;
  - (3) the recipient intends at settlement to use the property for making taxable supplies; and
  - (4) the recipient does not intend at settlement to use the property as a principal place of residence by the recipient or a person associated with the recipient under section 2A(1)(c) of the GST Act,
- GST will be chargeable on the supply under this agreement at 0% pursuant to section 11(1)(mb) of the GST Act.
- 14.4 If GST is chargeable on the supply under this agreement at 0% pursuant to section 11(1)(mb) of the GST Act, then on or before settlement the purchaser will provide the vendor with the recipient's name, address, and registration number if any of those details are not included in Schedule 1 or they have altered.
- 14.5
- (1) If any of the particulars stated by the purchaser in Schedule 1:
    - (a) are incomplete; or
    - (b) alter between the date of this agreement and settlement,the purchaser shall notify the vendor of the particulars which have not been completed and the altered particulars as soon as practicable before settlement.
  - (2) The purchaser warrants that any added or altered particulars will be correct as at the date of the purchaser's notification.

- (3) If the GST treatment of the supply under this agreement should be altered as a result of the added or altered particulars, the vendor shall prepare and deliver to the purchaser or the purchaser's lawyer an amended settlement statement, if the vendor has already tendered a settlement statement, and a credit note or a debit note, as the case may be, if the vendor has already issued a tax invoice.

- 14.6 If
- (1) the particulars in Schedule 1 state that part of the property is being used as a principal place of residence at the date of this agreement; and
- (2) that part is still being so used at the time of the supply under this agreement, then, the supply of that part will be a separate supply in accordance with section 5(15)(a) of the GST Act.

- 14.7 If
- (1) the particulars stated in Schedule 1 indicate that the recipient intends to use part of the property as a principal place of residence by the recipient or a person associated with the recipient under section 2A(1)(c) of the GST Act; and
- (2) that part is the same part as that being used as a principal place of residence at the time of the supply under this agreement, then the references in clauses 14.3 and 14.4 to "the property" shall be deemed to mean the remainder of the property excluding that part and the references to "the supply under this agreement" shall be deemed to mean the supply under this agreement of that remainder.

- 14.8 If the particulars stated on the front page and in Schedule 1 indicate in terms of clause 14.3 that GST will be chargeable on the supply under this agreement at 0% pursuant to section 11(1)(mb) of the GST Act, but any of the particulars stated by the purchaser in Schedule 1 should alter between the date of this agreement and settlement, such that GST no longer becomes chargeable on the supply at 0%, then:
- (1) the purchase price shall be plus GST (if any), even if it has been expressed as being inclusive of GST (if any) on the front page of this agreement; and
- (2) if the vendor has already had to account to the Inland Revenue Department for the GST which is payable in respect of the supply under this agreement and did so on the basis that in accordance with clause 14.3 the GST would be chargeable at 0%, the purchaser shall pay GST and any default GST to the vendor immediately upon demand served on the purchaser by the vendor (and where any GST or default GST is not so paid to the vendor, the purchaser shall pay to the vendor interest at the interest rate for late settlement on the amount unpaid from the date of service of the vendor's demand until payment).

### 15.0 Supply of a Going Concern

- 15.1 If there is a supply under this agreement to which section 11(1)(mb) of the GST Act does not apply but which comprises the supply of a taxable activity that is a going concern at the time of the supply, then, unless otherwise expressly stated in this agreement:
- (1) each party warrants that it is a registered person or will be so by the date of the supply;
- (2) each party agrees to provide the other party by the date of the supply with proof of its registration for GST purposes;
- (3) the parties agree that they intend that the supply is of a taxable activity that is capable of being carried on as a going concern by the purchaser; and
- (4) the parties agree that the supply made pursuant to this agreement is the supply of a going concern on which GST is chargeable at 0%.
- 15.2 If it subsequently transpires that GST is payable in respect of the supply and if this agreement provides for the purchaser to pay (in addition to the purchase price without GST) any GST which is payable in respect of the supply made under this agreement, then the provisions of clause 13.0 of this agreement shall apply.

### 16.0 Limitation of Liability

- 16.2 The liability of an independent trustee under this agreement is limited to the extent of the indemnity from the assets of the trust available to the independent trustee at the time of enforcement of that indemnity.
- 16.3 However, if the entitlement of the independent trustee to be indemnified from the trust assets has been lost or impaired (whether fully or in part) by reason of the independent trustee's act or omission (whether in breach of trust or otherwise), then the limitation of liability in clause 16.2 does not apply, and the independent trustee will be personally liable up to the amount that would have been indemnified from the assets of the trust had the indemnity not been lost.

- 18.1 If the name of a licensed real estate agent is recorded on this agreement, it is acknowledged that the sale evidenced by this agreement has been made through that agent whom the vendor has appointed as the vendor's agent according to an executed agency agreement.
- 18.2 The scope of the authority of the agent under clause 18.1 does not extend to making an offer, counteroffer, or acceptance of a purchaser's offer or counteroffer on the vendor's behalf without the express authority of the vendor for that purpose. That authority, if given, should be recorded in the executed agency agreement.
- 18.3 The vendor shall be liable to pay the agent's charges including GST in accordance with the executed agency agreement.

- 19.3 This information is collected, used and published for statistical, property appraisal and market analysis purposes, by REINZ, REINZ member agents and others.
- 19.4 Despite the above, if REINZ does come to hold any of the vendor's or purchaser's personal information, that party has a right to access and correct that personal information by contacting REINZ at info@reinz.co.nz or by post or telephone.

## 1.0 OVERVIEW

---

### 1.1 PURPOSE OF THE GUIDELINES

Homestead Bay is located within a spectacular natural setting.

The Homestead Bay Design Review process has been set up to achieve a built form that complements that setting and protects the investment you have made with a high standard of development and landscaping.

The Design Review process is intended to promote design cohesion and ensure homes and landscaping are completed in a timely fashion. It is not intended to be onerous or require all homes to be built to an expensive specification.

This guideline is intended to assist you in considering the design of your home and private garden and how this can contribute to and enhance the overall character of the development. By using these design guidelines you should be able to clearly understand what is expected for a home design to be approved.

These Design Guidelines may be amended from time to time at the developers discretion to reflect changes in design and building trends and amendments to legislation affecting building approvals.

responsibility of the owner that the proposed building works comply with District Plan and Building Act requirements and any consent notices recorded on your title. Neither the Homestead Bay Design Reviewer nor the developer accepts responsibility for works that don't comply.

Please Note: The final decision of all aspects regarding the Design Guidelines, including rejection and approval of submissions is at the discretion of the HBDR. The HBDR also reserves the right to request further information should they deem it necessary. The HBDR is not liable for any refunds, credit or compensation for its decisions in granting or refusing a submission approval or any discrepancies that may arise from this work.

Secondary and/or subsequent submissions following approval of an initial submission will incur a service fee to the applicant/ purchaser.

Should you or your agent have any queries and need clarification on matters within these Design Guidelines, please contact [hanleys@nzcad.co.nz](mailto:hanleys@nzcad.co.nz).

### 1.2 SUBMISSION REQUIREMENTS FOR DEVELOPER APPROVAL

The siting and design of your home is required to be approved by the Homestead Bay Design Reviewer (HBDR) before obtaining building permits. It is mandatory that all plans and other relevant drawings are submitted to the HBDR for approval. To obtain approval, you must forward the application to: [hanleys@nzcad.co.nz](mailto:hanleys@nzcad.co.nz).

The Homestead Bay Application for Design Approval Form & Checklist must accompany the documentation listed on the form. Documents must be submitted in pdf format, with the subject of the email to include the section number and street name.

The submission must include all the items specified in the submission checklist found in the Appendices of these Guidelines.

The HBDR will assess all designs and either provide a notice of approval or specify how the submission conflicts with the Guidelines. Designs that substantially comply with the

Guidelines may be given a notice of approval with conditions requiring the rectification of minor deviations. Furthermore, the HBDR may make suggestions intended to improve the design.

The HBDR will use its best endeavours to assess proposals in the shortest possible time and is generally within 10 -15 business days of receipt of a fully completed and compliant application.

Application review times are significantly reduced where provided information is complete and accurate. Incomplete or sub-standard documents will be returned without review.

Site Survey level information must be included and demonstrate all transitions to neighbouring properties and roadways. If you do not yet own the site (i.e. the developer is still constructing) you may not have access to the site. In such instances, the "Functional Layout Plan" can be used. This plan is often included within the sale and purchase agreement and shows expected finished ground levels at corners of the site and sometimes at notable features such as batter slopes. If it is not included within the sale and purchase agreement please enquire with the real estate agent or design reviewer.

You must then obtain the approval of the building plans from the local Council or relevant Building Surveyor and/ or any other relevant authorities required by the authority approval process. It is the

## 2.0 SITING & ORIENTATION

### 2.1 BUILDING CONTROLS

You and/or your agent should be aware of relevant rules from the Queenstown Lakes District Plan. It is also important to be familiar with the conditions of the resource consent for this stage. As a general rule, if the district plan rules and consent conditions are inconsistent, the consent conditions prevail. The most relevant controls from the district plan and resource consent are summarised in section 8.0 of these guidelines. Please note, these design guidelines should not be relied upon to identify all relevant rules and conditions of consent that may apply. Council may check for compliance with these rules and conditions of consent when they process your building consent.

There is discretion available to the HBDR to occasionally approve designs that do not fully comply with the guidelines, however this will not often occur. Where discretion is applied this may or may not require further resource consent and is the responsibility of the owner to satisfy in such case.

### 2.2 CONTROLS ON ALL SECTIONS

- The following are standard controls that apply to all sites:
- Only one residential unit may be built per section .  
Note: A residential flat may be constructed on the section in addition to the main dwelling, provided that all Council requirements are complied with
- Residential Flats in addition to the main dwelling shall be contained under the same building where site size is less than 800 square meters. Exceptions to the rule will be rarely granted, but may include circumstances such as where having multiple buildings assists with managing steep slopes. In such scenarios, it would normally be expected that flat is at least attached to a garage.
- Residential Flats may be constructed as separate structures to the main building where site size is in excess of 800 square Meters.
- Sections may not be further subdivided.
- **All building works must comply with the required setbacks and recession planes as specified by the district plan and consent notice conditions. Refer to section 8.0 for further information.**

### 2.3 STREET SETBACKS

Buildings are to be setback a minimum of 4.0m and maximum of 6.0m from the road boundary. Larger setbacks may be permitted at the discretion of the HBDR.

Garages must be setback a minimum of 5.0m from the road boundary and must be setback at least 0.5m behind the front wall of the dwelling.

For corner sections, buildings must be setback at least 3.0m from the splay boundary and at least 1.5m from the remaining road boundary.

Refer to the consent notices on your title for information on encroachments into setbacks that are acceptable.

*Please note: the splay boundary is deemed to be the road boundary with the smallest dimension which intersects with both remaining road boundaries.*

### 2.4 CORNER SECTIONS

Corner sections (as opposed to conventional sections) are sections with more than one street boundary or which have a reserve boundary. They have a significant impact on neighbourhood character, and therefore, considerable attention is required to ensure that a desirable outcome is achieved.

It is important that corner section homes are articulated and address their prominent position in the streetscape while contributing to the creation of an attractive, safe living environment. They form a gateway to adjoining streets, therefore it is essential that the dwelling addresses both street frontages with articulation of the built form including varying materials, window and door openings. In addition, to the above points, the following applies to the siting on corner sections.

It is expected that homes have one or more articulated corner feature that will 'turn the corner.' One or more of the following building elements is to be incorporated into the design as a corner feature;

- Windows
- A return veranda or balcony
- An articulated step back or setback of wall and / or roof structures, including eaves
- A change of building materials that assist in softening the mass of the building

Blank, unarticulated walls to the secondary façade (being the wall parallel to the secondary boundary) will not be permitted. Any length of façade greater than 8 m should have windows or door openings and variation in materials is strongly encouraged. Facades longer than 16m should incorporate a step in plan or similar variation in the building wall.

Dwellings facing the secondary boundary will be assessed on merit by the HBDR.

## 3.0 ARCHITECTURAL CHARACTER MANDATORY STANDARDS

### 3.1 GENERAL

Dwelling designs must be of a contemporary nature. Architecture which seeks to mimic historical styles not associated with the District will not be permitted. The HBDR reserves the right to determine if a design meets this requirement.

The building façade facing the street is of particular importance to the character of the subdivision. All dwellings must have a veranda, portico, porch or other similar entrance feature surrounding the front entrance and must be sympathetic to the overall dwelling design.

The main pedestrian entry (front door) or access way to the main pedestrian entry must be visible from the primary street frontage. Where the main pedestrian entry is not located on the front elevation, sufficient landscaping including the provision of a pergola or similar structure will be required in order to highlight the location of the entry.

### 3.2 ROOFS

Simple gable roofs are preferable. Mono-pitch and hip and valley roof forms will be assessed on a case-by-case basis. The HBDR will assess:

- design quality
- integration with surrounding buildings and landscape.
- The extent to which roof hips are visible from the street (they will be more likely to be acceptable away from the main façade facing the street)

Roof pitches for primary dwellings should be between 20° and 40°. Flat roofs (i.e. 4 degrees or less) will be acceptable for accessory buildings, or as linking or Lean-to structures of the primary dwelling.

Total of all flat roof area of the primary dwelling shall not exceed 40%. This does not include detached accessory buildings.

All metal chimney flues and other roof penetrations should be enclosed or painted to reduce visibility (colour and reflectivity as per above Guidelines).

Steel roofing is encouraged, however roof tiles in a flat profile may also be permitted.

### 3.3 BUILDING MATERIALS & COLOUR PALETTE

- External windows and doors other than those utilised in an entrance, W.C. or bathrooms are not to contain reflective, frosted, coloured or patterned film on glass unless approved by the HBDR.
- Buildings are encouraged to use a variety of external materials. The following maximum proportions apply for the external wall materials (excludes joinery, glazing, garage door and roof):
  - Un-rendered concrete blockwork limited to 30% (and no more than 30% of any elevation);
  - Un-rendered brick limited to 15% (and no more than 15% of any elevation);
  - Painted plaster style materials limited to 70%
  - Steel (including Colorsteel®) limited to 60%
  - Weatherboards and similar cladding materials (such as timber and board and batten) limited to 70% per material;
- At least 2 different materials are required to the front façade
- Variations to the above may be considered at the discretion of the HBDR.
- To achieve design cohesion and minimise effects on the landscape, buildings are expected to be of predominantly recessive colours and relate to the surrounding environment (although some limited use of brighter colours may be acceptable). At a minimum the following standards are to be achieved:
  - Roof colours shall have an LRV of 20% or less and are to be in the range of browns, greys and black
  - At least 70% of the total painted or galvanised external surface of buildings (excluding joinery, glazing, the garage door and roof,) will have a reflectance value of 35% or less

### 3.0 ARCHITECTURAL CHARACTER MANDATORY STANDARDS CONT.

Section layout demonstrating identical façade rule.

■ Pink section denotes a façade that has already been approved by the HBDR.

■ You cannot have a similar or identical façade to the pink section if you are building on an green section.

(TOP) Example of a swing in garage (plan). Example of acceptable garage doors types.

#### 3.4 IDENTICAL FAÇADE ASSESSMENT

2 dwellings of the same or overly similar front facade design shall not be built within 3 sections of the subject property, this would include sections either side, opposite your section and around corners. The final façade assessment decision will be at the discretion of the HBDR.

#### 3.5 GARAGES & CARPORTS

Garages and carports be should be designed to minimise their visual impact to the streetscape and must comply with the following:

- At least a single garage or carport must be provided. Additional parking for residential flats must be considered as required
- External materials and colours should be chosen to integrate with and complement the primary dwelling. This includes particular attention to the garage door
- The garage door or carport opening must not exceed 40% of the width of the street frontage
- Garages and other accessory buildings can be located outside of the building envelope and can be built up to the side yard boundary (refer to specific controls registered on your title)
- Garages and carports facing the street boundary must be setback at least 0.5 m behind the front wall of the dwelling

Swing in garages, (where the garage door faces the side boundary) may be permitted at the discretion of the HBDR.

Where possible additional car parks should be set back behind the façade of the dwelling. Parking in front of the façade whilst discouraged, can be approved on a case by case basis. In such instances dense planting such as hedges should be located so as to screen the visibility of parked cars.

#### 3.6 SHEDS & ACCESSORY BUILDINGS

Sheds and other detached accessory buildings (excluding garages) shall not exceed 12m<sup>2</sup> in area and 3.5m in height. They should not be visible from the street.

#### 3.7 DRIVEWAYS & PAVING

Driveways must:

- be fully constructed within 3 months of the issue of the code of compliance for the dwelling being issued
- not exceed 4.5 metres in width at the carriageway crossover and can taper to the maximum width of the garage door
- be offset from the side boundary by at least 0.4m in order to allow for landscaping
- line up with the driveway crossover (unless it is intended to relocate the driveway crossover)
- be constructed of the following:
  - Coloured concrete
  - Exposed aggregate concrete
  - Asphalt
  - Pavers or local stone

Only 1 driveway and crossover will be permitted per section. There shall be no gates across driveways.

#### 3.8 OUTDOOR LIVING

Consideration shall be shown to outdoor living / seating arrangements for all living units (including ancillary residential flats) in keeping with the scale of the living unit.

## 4.0 FENCING

### 4.1 GENERAL

The fencing of your home and that of your neighbour is an important contribution to private and neighbourhood amenity. It plays an important role in the general definition of the streetscape and transition between public and private spaces.

Generally speaking, it is proposed that the rear yards of properties in Homestead Bay will be fully fenced to provide privacy and a sense of security between dwellings. Fencing will not be permitted along main street frontages and within the main front setback of the proposed dwelling.

All fencing is subject to the approval of the HBDR.

The owner is solely responsible for the maintenance and/or replacement of all fencing abutting their section. It is noted that several matters in relation to fencing are governed by the Fencing Act, which should be adhered to.

### 4.2 FRONT FENCING

No fencing shall be constructed along the front boundary or within the front yard.

### 4.3 CORNER FENCING

At least half of the length of fencing along the secondary boundaries on corner sites is expected to be either:

- limited to a height of 1.2m above original ground level or;
- at least 30% transparent (e.g. 30mm gaps between each fence paling)

### 4.4 SIDE & REAR FENCING

For side and rear boundaries, solid palings or panels to a finished height of 1.8 meter above original ground level shall be the standard form of fencing. Side boundary fencing should have a 1.0m setback behind the front wall of the dwelling as shown in the fencing diagram (section 4.6).

Fences between adjoining sections must be constructed from either capped timber palings or timber-look composite materials, with timber or timber-look exposed posts.

Note: fence posts and rails may be constructed from metal instead of timber if preferred for structural integrity.

Fencing finish must be either natural or stained timber, timber look or dark grey in colour with a matte finish.

Where the property at the boundary has been sold to another buyer, their agreement as to an alternative design would normally be expected and the HBDR may ask for evidence of this. For unsold sections the HBDR will consult and act on behalf of the developer.

Fencing adjoining reserves is limited to 1.2m in height although higher fences will be considered on a case-by-case basis by HBDR. Post and wire and hedging arrangements may be acceptable subject to HBDR approval.

### 4.5 HEDGES

All fence types can, subject to HBDR approval, be substituted by hedges. Owners will be expected to maintain hedges and limit their height to 1.8 m for side and rear boundaries. Any hedges within the front yard shall be limited to a height of 1.2m, including corner sections.

### 4.6 FENCING DIAGRAM

Corner and standard section fencing plan can be adopted by the owner by signing and attaching this page with the submission checklist as an endorsement that the fencing will be carried out as per the Homestead Bay fencing requirements.

■ 1.8m capped vertical timber palings with exposed posts.

■ Indicates 30% transparent fencing or 1.0m height limit area.

## 5.0 GENERAL DWELLING INFORMATION

---

### 5.1 SCREENING

To avoid detracting from the visual quality or the character of the streetscape unsightly items and equipment should be screened from the street and public view.

Ground mounted equipment such as heating and cooling units, hot water services and unsightly items etc. shall be screened from public view and shall not be visible from the street.

---

### 5.2 PLUMBING

All external plumbing including spa pumps/motors are to be concealed from public view. Downpipes and gutters are exempt from this requirement.

No exposed plumbing waste piping is permitted.

Gutters and downpipe treatment must compliment the house colour.

---

### 5.3 TV ANTENNAE & SATELLITE DISHES

TV antennae and other antennae are to be located in a manner which minimises visual impact from public viewing. They are encouraged to be contained within the roof space. Where antennae are to be externally mounted they are to be located at the rear of the property and below the roof line.

Satellite dishes (1 metre diameter maximum) are to be located at the rear of the property; below the roofline. Their proposed location should be shown on a plan for HBDR approval. CB radio antennae will not be permitted.

---

### 5.4 BIN STORAGE

Bins must be stored out of public view, preferably along the side elevation behind the boundary fencing and side gate (allowing for concealment and a practical ease of access). Where located within the front yard, appropriate screening must be demonstrated (i.e. suitable enclosure and landscaping). Relevant details/elevations of screening elements must be included on the plans.

---

### 5.5 CSECTIONHES LINES & DRYING AREAS

Csectionhes lines and drying areas shall be located so that they are not visible to public viewing, including from reserves

---

### 5.6 CAMPERVANS

Trucks or commercial vehicles (exceeding 3.0 tones), recreational vehicles and caravans shall be screened from public view when parked or stored.

### 5.7 TIMING OF WORKS

Construction of all dwellings must be completed within twelve (12) months of work commencing. Front yard landscaping (and side yard landscaping for secondary boundaries on corner sections) is to be completed within three (3) months of the completion of the dwelling. Incomplete building works must not be left for more than three months without work being carried out.

---

### 5.8 WINDOW FURNISHINGS

Internal windows furnishings which can be viewed by the public must be fitted within three (3) months of occupancy. Sheets, blankets, or similar materials for which window furnishing is not their primary use, will not be permitted.

---

### 5.9 MAINTENANCE OF SECTIONS

The Purchaser shall not allow any rubbish including site excavations and building materials to accumulate on a section (unless the rubbish is neatly stored in a suitably sized industrial bin or skip) or allow excessive growth of grass or weeds upon the section.

The Purchaser shall not place any rubbish including site excavations and building materials on adjoining land or in any waterway. The Vendor or its Agent may enter upon and have access over a section at any time without creating any liability for trespass or otherwise to remove rubbish, maintain, slash or mow a section and the Purchaser agrees to meet the Vendor's reasonable costs of doing so.

## 6.0 LANDSCAPING

### 6.1 FRONT LANDSCAPING

Investment in quality landscaping adds significant value to any community. In Homestead Bay the nature and quality of landscaping is seen as essential to creating an attractive and integrated streetscape which softens the appearance of buildings, creates a coherent theme for the neighborhood and compliments the spectacular natural surrounds.

Planting needs to be dense enough to make an attractive contribution to the streetscape. With carefully located planting such as hedging you can maximise the sense of privacy in your front yard. But planting should not be at a density or height that entirely obscures the views of buildings from the street.

You are encouraged to invest in the quality landscaping of your own front and rear yard. However, you are only required to provide a plan for landscaping proposed in the front yard (and on a corner section side gardens along a secondary boundary).

Landscaping of your front garden (and on a corner section side gardens along a secondary boundary) must be completed within 3 months of receiving your Certificate of Compliance.

Regular inspections will be undertaken to ensure that landscaping has been completed within the required time. Should your landscaping not be completed within the specified time, action may be taken to have this requirement met at the owners cost. Extensions of time will only be considered in exceptional circumstances.

Drought and frost tolerant landscape designs are highly encouraged. This includes the use of native plants.

Planting density shall be appropriate to achieve a closed canopy within a five year period following occupancy and landscape establishment.

Deceased or Dying plant specimens shall be replaced prior to the following growing season. It is advised that Irrigation or maintenance care is reviewed prior to replacement.

### 6.2 MINIMUM STANDARDS

A planting plan shall be submitted for the parts of the site between the road boundary and the building (approximately the front 6.5m of a regular section, with additional visible areas along a secondary boundary of a corner site).

The planting plan should show the layout of lawn, garden beds and where key trees and shrubs will be planted.

All plants in these parts of the site should be from the list laid out in Section 7.3 (You are not however restricted in the planting for the other more private portions of your section). Your plan should be annotated confirming you will comply with the species list in Section 7.3.

A garden bed which is at least 400mm wide must be provided between the driveway and the closest side boundary.

### 6.3 BENCHING & RETAINING WALLS

Generally, retaining walls, beyond those installed at the of subdivision by the developer, are not encouraged due to the visual dominance they can create. Instead, the use of split level dwellings

and sloping gardens with battered slopes are encouraged. It is nevertheless accepted that on some sloping sites they will be necessary to make efficient use of sites. All retaining walls should be identified on the plans with accompanying details (including any safety handrails) to allow review by the HBDR. This is a key reason why accurate site level information needs to be submitted with your application. You should also consider building regulations and the need for specialist engineering advice.

Retaining walls should not exceed 1m in street frontage or if facing public spaces such as reserves. Only in rare situations, where necessity is demonstrated, will retaining between the house and the street of height that triggers the need for hand rails be approved.

**Retaining walls greater than 0.4m shall be set back from street/ walkway/reserve boundaries 0.6m min. and have planting in front.**

It is important to consider the height of retaining on your boundaries and whether it may trigger the need for building or resource consent (consider the District Plan rules and any approvals at the time of resource consent for subdivision to understand what you are entitled to build without consent). Understanding whether your plans need consent early in your design process helps avoid surprise costs and opens up opportunities for cooperation with neighbours on better design outcomes.

Materials selected for the construction of the retaining walls are to be sympathetic to the overall design of the dwelling including:

- Natural stone
- Stained or painted smooth sawn sleepers
- Purpose-cut retaining timber
- Architectural block work with a bagged and painted, rendered finish, or stone clad that compliments both the garden and dwelling
- Coloured and textured concrete sleepers with galvanised support columns

Landscaping elements such as shrubs and groundcover should be used to screen and reduce visual impact of cuts and retaining walls.
